

## XXVII Abstract Submissions

### Submit Abstract

**NOTE:** Fields marked with a red asterisk \* are required.

### General Information

It is not required to be a member, nor to apply for fellowship in order to submit an abstract.

All Abstracts must use ISSVD terminology and be considered scientifically relevant to vulvovaginal disease. (Terminology is available at <http://www.issvd.org> under Resources/Terminology) or [CLICK HERE \(https://www.issvd.org/resources/filter/category/Terminology\)](https://www.issvd.org/resources/filter/category/Terminology).

Only the primary author may be considered for Fellowship. If you are unable to present in English, contact us at [issvd@issvd.org](mailto:issvd@issvd.org) (mailto:issvd@issvd.org)) Each abstract is only eligible for one fellowship.

No Abstracts without final data will be accepted.

Content of the abstract cannot have been previously published.

## Permission to Record \*

By signing this document, you are agreeing to the terms for all the sessions you have participated in unless you send us a written exclusion. The International Society for the Study of Vulvovaginal Disease addresses the latest clinical practices and scientific and technological developments in obstetrics and gynecology, dermatology, and many other specialties, specifically relating to vulvar disease. It is an outstanding educational experience because you and your colleagues are leading experts in women's health and are willing to share your expertise and knowledge with ISSVD attendees. Unfortunately, many of those interested providers are unable to attend the event. Modern technology allows the ISSVD to provide your colleagues with this valuable educational knowledge. Please sign this form so the ISSVD can include your presentation in our virtual program and as enduring material on the ISSVD course platform. We thank you in advance for your willingness to participate.

**Yes I acknowledge**

**NOTE:** Once you submit your abstract, you will receive a confirmation email with your submission information. You may login at any time prior to the site closing to update your submission. You will then be directed to add your Co-Authors. Each Co-Author will also receive a confirmation email with your contact information and their login information. All Co-Authors have Read only access, unless you assign a Co-Author to be a presenter. Presenters have Read/Write access.
